

## Senior Unity Developer (m/f) Bremen

Full-time or Part-time (Permanent Position)

Ubimax develops industrial Wearable Computing and Augmented Reality software solutions, which enable customers to optimize their business processes along their entire value chain. The core of our offering is Ubimax Frontline, the world's first fully integrated Wearable Computing Platform. Our innovative Smart Glass solutions are already deployed successfully by 30% of the DAX 30 companies. We are a fast-growing company and looking for individuals who share our passion for Wearables and Augmented Reality.

### Your Responsibilities

- ✓ Enhance our development team as Senior Unity Developer
- ✓ Handle a variety of AR software development tasks
- ✓ Together with our product-team, you expand the technological advantage of Ubimax Frontline
- ✓ Active contribution to the implementation and improvement of our agile development processes
- ✓ As Senior Unity Software Developer, you are a central point of contact for your team with responsibility going beyond technical know-how

### Your Profile

- ✓ You are well versed in C#
- ✓ Ideally, you already have experience with Microsoft HoloLens, Daqri Smart Glasses or VR Technology
- ✓ Working with 3D models does not pose a challenge for you
- ✓ You are keen to know more about new technologies, frameworks and hardware
- ✓ Software development is more than just programming to you

### We offer

- ✓ Becoming part of an international team of AR and Wearable Computing experts
- ✓ Flexible working hours and flat hierarchies
- ✓ Freedom for self-directed work and development of own ideas
- ✓ As international team, we communicate in English and German
- ✓ "Silicon Valley Style" open space office at Bremer Europahafen
- ✓ Coffee and hot chocolate, as much as you wish

### Convinced?
